FIFTH CONFERENCE ON IRON DEFICIENCY

5 - 7 FEBRUARY, 2010

Venue

Shanti Sarovar, ISB Road,
Gachibowli, Hyderabad 500 032.

Organized By:

Dr J C Patel Medical Research Foundation, Mumbai.

Hosted By:

BSES MG Hospital, Mumbai

National Institute of Nutrition, Hyderabad

The Obstetrics & Gynecological Society of Hyderabad

Dear Colleague,

We take great pleasure in inviting you to the Fifth Conference on Iron Deficiency.

Iron deficiency is a world wide problem affecting about 2 billion people. In India, 20% of adult males, 40% of children, 60% of adult females and 80% of pregnant females have iron deficiency anemia. Iron deficiency causes not only anemia but also leads to dysfunction of every organ system in the body. It has a major impact on the health and social fabric of the population. Unlike many other medical problems, iron deficiency is easy to correct and we also have means in the form of food fortification to prevent it. However, there is lack of awareness about the problem and its wide range of consequences. It is not uncommon for many to ignore Hb level of 11.0 or even 10.0 g/dl.

It is necessary to create awareness amongst family physicians, obstetricians, pediatricians, internists, public health authorities, food industry and NGOs. That is exactly what is aimed at in this conference- focus on various problems related to iron deficiency and suggest feasible solutions to reduce the burden of iron deficiency.

Hyderabad, one of the most happening city of the country, is a health hub of south India. The city has a history of more than 400 years. Its rich heritage and warmth of cosmopolitan people of the city will make your stay memorable. Early February weather is pleasant and comfortably cool not requiring special warm clothing.

Shanti Sarovar is the South India Campus of the global organization Prajapita Brahmakumaris Ishwariya Vishwa Vidyalaya. On the basis of spiritual wisdom and Raj-Yoga Meditation, it extends wide variety of services for creating better people for better world. As the name suggests Shanti Sarovar is an oasis of peace. Reverberating with vibrations of peace and purity, the campus provides an atmosphere that enables the participants to explore and realize their peace and power
